

Transport And Travelling Costs

Transport and travelling costs are charged at various rates per 1 hour lesson whether a single lesson, a block of 4 or a block of 10 lessons are booked at one time. This depends on the driving distance from **Leeds, LS5 3DW** (rather than as the crow flies). Mileage is rounded up. Transport and travelling costs can only be charged via invoice. Transport costs still apply to introductions. Lessons should be booked and paid for a week before each lesson or block of lessons. See each table below for a detailed illustration.

For distances up to **10 miles** see below. This applies to a driving distance of up to 10 miles (rather than as the crow flies).
